Hi everyone,

Please find attached a few documents for your review, with associated review deadlines:

<b>Workshop #2 Meeting Summary:</b> This is intended to capture our discussion and will be posted online after comments are incorporated.	<u>Wed, July 3rd</u>
<b>Workshop #1 Draft Best Practices:</b> This version incorporates all comments received and tracks the changes made to address them.  *** <u>These will be part of the Joint Regional Agreement</u> , so it is worth giving them a hard look. If it is easier to review a clean version, feel free to clear comments and changes.	<u>Fri, July 12th</u>
<b>Guiding Principles:</b> This document also incorporates comments and changes. The largest changes were made to make clear the relationship between these principles and the 2003 EPA policy. We have use direct quotes to clarify where we are overlapping with the policy, in contrast to where we are expanding to reflect the PNW context and experience of project partners.  *** <u>This will also be part of the Joint Regional Agreement</u>	<u>Fri, July 12th</u>

I have also attached a revised version of the Discussion Guide for Ratios, Reserves, and Baselines that reflects your comments. A clean version will be included in meeting materials posted online today.

All documents are also posted on the [project website](#)

Best,  
Carrie

P.S. Also, a quick reminder to send us state rules, regs, policies, and agreements involving confidentiality and FOIA by next Monday, 7/1.
